ACHIEVE MORE TOGETHER

4 trace elements along with fat soluble vitamins. The components have been specifically selected to optimally supply the skeleton, connective tissues and joint cartilage with these key elements to help the horse maintain normal structure for as long as possible.

To cover the basic needs in minerals for all horses, particularly those fed on concentrates (pellets...). By adapting the daily supply, the increasing needs are equally met during rearing or during the breaking in period.

MEGA BASE is particularly recommended for active healthy horses receiving a feed ration rich in cereals.

USAGE

MEGA BASE is a mineral feeding stuff for horses formulated to help meet their nutrient requirements. MEGA BASE contains calcium and phosphorus at adapted levels as well as key vitamins, minerals and readily assimilated trace elements (IPALIGO®) and prebiotic (ACTIGEN®).

PACKAGING

3000g & 10 000g bucket

ADMINISTRATION

Horses (500 kg): 50g (2 scoops)/day.

Foals/ponies: 25g (1 scoop)/day. To be mixed with feed.

COMPOSITION

Calcium carbonate, Dead yeast of *Saccharomyces cerevisiae* species (ACTIGEN®) 16.6%, Lactose, Dextrose, Sodium chloride, Dicalcium phosphate.

Additives/Kg: Compounds of trace elements: Zinc - Zinc chelate of protein hydrolysates (3b612) 4000 mg, Copper- Copper (II) chelate of protein hydrolysates (3b407) 250 mg, Selenium (selenised yeast -*Saccharomyces cerevisiae* CNCM I-3060, inactivated) (3b810) 9 mg. Vitamins and pro-vitamins: Vitamin A (Retinyl acetate) (3a672a) 300000 IU, Vitamin E/ all-rac-alpha-tocopheryl acetate (3a700) 4000 IU, Vitamin D3 (3a671) 3000 IU. Antioxidant: Ascorbyl palmitate (1b304) 9900 mg.

Analytical constituents: Crude ash 43%, Calcium 10%, Moisture 7% Crude protein 6.5%, Sodium 6.5%, Crude fat 3.5%, Phosphorus 1.9%, Crude fibre 0.3%, Magnesium 0.2%.
